

Lexington Habitat's new ReStore at 451 Southland Drive (next to Good Foods Market and Café) is now open. The store hours will be Tuesday through Saturday 10am – 5pm. ReStore donations will be accepted at the new location.

Lexington Habitat's ReStore locations at 1260 Industry Road and 420 Southland Drive are now closed. This decision to close the two stores and create one larger, combined store was made after more than a year of evaluation, market study, planning, and research that determined this location was ideal for the much needed expansion of the ReStore. The new ReStore location features 23,000 square feet which will allow the ReStore to greatly expand operations beyond its former 15,000 square feet capacity.

The Lexington Habitat administrative offices will remain at Industry Road and the ReStore space at Industry will be utilized for Lexington Habitat Construction projects as well as expanded meeting space for partner family education and counseling. A grant funded paint bulking program through our Deconstruction program will begin soon at the Industry Road location as well.

Proceeds from ReStore sales are an important source of revenue for Lexington Habitat and we are grateful for the opportunity to increase ReStore revenue through this exciting new endeavor. We are tremendously grateful to our ReStore volunteers, donors and customers and we look forward to your continued support.

For more information call 859-252-2224 ext. 2. You may also follow the ReStore's Facebook page for more information and updates or visit the www.lexhabitat.org!
