

Board Orientation Driving Tour

Some things to consider before your tour:

- What are your impressions of the neighborhoods homebuyer families live in? Positive? Negative?
- Would you live where we have served homebuyer families?
 - Which locations?
 - Where are they?
 - What about the neighborhood appeals to you? What turns you off? Frightens you?
 - Why or why not?
 - In what circumstances?
 - If it was the only way to own a home?
- Drive to these areas/streets.
 - Can you identify which are the houses Habitat built? What are the factors behind your opinion?
 - Please note what you believe the appraised values of the homes in these areas are. How would you compare the value of the Habitat built homes to the rest of the neighborhood? Why?
 - West End (Georgetown Street area)
 - Ash Street
 - Whitney Avenue
 - Roosevelt
 - Glen Arvin
 - Rain Garden
 - Konner Woods Dr and Polk Lane
